Dear Chair Rogers and Ranking Member Meng:

I am requesting funding for the Jackson Laboratory's Micro Computed-Tomography (CT) System project in fiscal year 2026.

The entity to receive the funding for this project is The Jackson Laboratory located at 1650 Santa Ana Ave, Sacramento, CA 95838.

The funding would be used to purchase new technologies that will be used in biomedical research including the study of cancer and infectious diseases. The project is an appropriate use of taxpayer funds because it will allow researchers to develop faster models to potentially lifesaving medication and further research for the future.

This project has a Federal nexus under Section 272 of title 15, U.S.C.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Ami Bera".
