March 27, 2026

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Kings Way Dental Capacity Expansion – Sacramento, CA project in Fiscal Year 2027. The entity to receive funding for this project is the Cares Community Health dba One Community Health, located at 1500 21st Street Sacramento, CA 95811. The funding would be used for expanding dental capacity from five existing operatories to sixteen, increasing annual service capacity from 1,530 patients and 5,050 visits to an estimated 4,500 patients and 13,500 visits. The project is an appropriate use of taxpayer funds because it strengthens community-based preventive and restorative dental care for Medi-Cal and underserved residents, reducing care delays and helping avoid higher-cost emergency department utilization for preventable dental conditions. This investment expands long-term safety net capacity without creating new recurring federal operating obligations.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Ami Bera".

Member of Congress
