March 20, 2026

Dear Chairman Cole and Ranking Member DeLauro:

“I am requesting funding for Northgate Hexavalent Chromium Treatment: Striker and National Wells project in Fiscal Year 2027. The entity to receive funding for this project is County of Sacramento, Board of Supervisors, located at 827 7th Street, Room 301 Sacramento, CA 95814. The funding would be used for the procurement and installation of advanced ion exchange treatment systems at two groundwater wells serving the Northgate 880 public water system, a non-transient, non-community system operated by the Sacramento County Water Agency serving approximately 3,000 residents and businesses through 271 service connections in a highly industrial community. The project is an appropriate use of taxpayer funds because both wells also have detectable levels of PFAS. These are the two highest-producing wells in the system, providing over 2,100 gallons per minute of potable water supply and the fire flow necessary to protect the concentrated industrial operations in the Northgate area.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.”

Sincerely,

A handwritten signature in blue ink that reads "Ami Bera".

Member of Congress
