March 19, 2026

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Rio Linda (RIO-3) Sewer Relief Project in Fiscal Year 2027. The entity to receive funding for this project is the Sacramento Area Sewer District, located at 10060 Goethe Road Sacramento, CA 95827.

The funding would be used to address capacity deficiencies and spills during heavy rainfall in an aging residential sewer system. The project will upsize critical sewer pipes, retire aging pump stations, and construct new gravity relief and expansion trunk pipelines to reduce surcharging and prevent spills.

The project is an appropriate use of taxpayer funds because it will reduce the need to construct parallel pipes by minimizing disruptions to the community and environment. The project enhances public health, infrastructure reliability, and long-term cost.

The project has a federal nexus because the funding provided is consistent with purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Ami Bera".

Member of Congress
